

Contents

1 Introduction.....	1
Vikas R. Dharnidharka, Michael Green, and Steven Webber	
2 Historical Perspective on the Early Studies of Posttransplant Lymphoproliferative Disorders (PTLD).....	5
Douglas W. Hanto	
3 Epidemiology of PTLD.....	17
Vikas R. Dharnidharka	
4 The Biology of Epstein–Barr Virus and Posttransplant Lymphoproliferative Disease.....	29
Olivia M. Martinez	
5 Epstein–Barr Viral Load Testing: Role in the Prevention, Diagnosis and Management of Posttransplant Lymphoproliferative Disorders	45
Jutta K. Preiksaitis	
6 Clinical Features and Diagnostic Evaluation of Posttransplant Lymphoproliferative Disorder	69
Upton D. Allen	
7 Pathology	89
Steven H. Swerdlow	
8 Prognostic Factors for PTLD.....	105
Tapan Maniar and Donald Tsai	
9 Treatment of PTLD.....	117
Steven A. Webber	

10 Prevention of Epstein–Barr Virus Infection and Posttransplant Lymphoproliferative Disease Following Transplantation	133
Michael Green and Marian Michaels	
11.a Organ Specific Issues of PTLN – Kidney	145
Sophie Caillard	
11.b Posttransplantation Lymphoproliferative Disorder (PTLD) in Liver and Small Bowel Transplant Recipients.....	153
Jaime Pineda and George V. Mazariegos	
11.c Heart and Lung Transplantation	163
Silke Wiesmayr and Steven A. Webber	
11.d Posttransplant Lymphoproliferative Disease (PTLD) in Hematopoietic Stem Cell Transplantation (HSCT).....	173
Thomas G. Gross	
12 Research Priorities and Future Directions	183
Vikas R. Dharnidharka, Michael Green, and Steven A. Webber	
Index.....	187
