<b>1</b>	<b>Spaces of the Neck . . . . .</b>	<b>1</b>
Christopher R. Durst, Mark J. Jameson, Max Wintermark, Prashant Raghavan, and Sugoto Mukherjee		
1.1	Introduction . . . . .	1
1.2	Imaging Evaluation . . . . .	1
1.2.1	Parapharyngeal Space . . . . .	2
1.2.2	Masticator Space . . . . .	8
1.2.3	Carotid Space . . . . .	12
1.2.4	Posterior Spaces . . . . .	18
1.3	The Surgeon's Perspective . . . . .	25
Further Reading . . . . .		
<b>2</b>	<b>Lymph Nodes . . . . .</b>	<b>29</b>
Sugoto Mukherjee, Mark J. Jameson, Max Wintermark, and Prashant Raghavan		
2.1	Introduction . . . . .	29
2.2	Anatomy and Pathophysiology . . . . .	30
2.3	Imaging Evaluation . . . . .	34
2.3.1	CT and MRI . . . . .	34
2.3.2	Ultrasonography . . . . .	38
2.3.3	PET . . . . .	40
2.3.4	Posttreatment Evaluation of Residual/Recurrent Nodal Disease . . . . .	40
2.4	Other Pathology . . . . .	40
2.4.1	Lymphoma . . . . .	40
2.4.2	Papillary Thyroid Carcinoma . . . . .	43
2.4.3	Bacterial Infection . . . . .	43
2.4.4	Tuberculous and Mycobacterial Lymphadenitis . . . . .	44
2.4.5	Viral Infection . . . . .	45
2.4.6	Other Inflammatory Conditions . . . . .	45
2.5	The Surgeon's Perspective . . . . .	48
Further Reading . . . . .		

<b>3 Nasopharynx.....</b>	53
Sugoto Mukherjee, David C. Shonka Jr., Max Wintermark, and Prashant Raghavan	
3.1 Introduction.....	53
3.2 Anatomy and Physiology.....	53
3.3 Pathology .....	55
3.4 Imaging Evaluation.....	55
3.5 Nasopharyngeal Carcinoma .....	56
3.5.1 Nasopharyngeal Lymphoma.....	68
3.5.2 Other Nasopharyngeal Lesions .....	68
3.6 The Surgeon's Perspective .....	70
Further Reading .....	71
<b>4 Oral Cavity and Oropharynx .....</b>	73
Sugoto Mukherjee, Brian M. Trotta, Mark J. Jameson, Max Wintermark, and Prashant Raghavan	
4.1 Introduction.....	73
4.2 Anatomy .....	73
4.3 Squamous Cell Carcinoma .....	77
4.3.1 Radiographic Staging.....	77
4.3.2 Routes of Spread .....	78
4.3.3 Radiographic Evaluation .....	81
4.3.4 Posttreatment Imaging in Oral and Oropharyngeal Cancers ..	94
4.4 Other Oral and Oropharyngeal Neoplasms.....	98
4.5 Nonneoplastic Lesions .....	99
4.5.1 Inflammatory Lesions of the Oral Cavity and Oropharynx .....	99
4.5.2 Odontogenic Infections .....	99
4.5.3 Infections of Salivary Gland Origin .....	103
4.5.4 Tonsillar/Peritonsillar Infections, Peritonsillar Abscess ..	103
4.5.5 Suppurative Lymphadenitis .....	104
4.5.6 Necrotizing Fasciitis.....	104
4.5.7 Ludwig's Angina .....	105
4.5.8 Other Lesions .....	106
4.6 The Surgeon's Perspective .....	106
4.6.1 Oral Cavity Lesions .....	106
4.6.2 Oropharynx Lesions .....	107
Further Reading .....	108
<b>5 Larynx and Hypopharynx.....</b>	109
Prashant Raghavan, David C. Shonka Jr., Max Wintermark, and Sugoto Mukherjee	
5.1 Introduction.....	109
5.2 Anatomy .....	109
5.3 Imaging Evaluation.....	115
5.4 Squamous Cell Carcinoma .....	116
5.4.1 Radiographic Staging.....	116
5.4.2 Posttreatment Imaging .....	122

---

5.5	Other Laryngeal Neoplasms . . . . .	125
5.6	Infectious and Inflammatory Disorders . . . . .	126
5.7	Trauma . . . . .	129
5.8	Laryngocele . . . . .	129
5.9	Vocal Cord Paralysis . . . . .	129
5.10	Laryngeal Stenosis . . . . .	129
5.11	The Surgeon's Perspective . . . . .	131
5.11.1	Laryngeal and Hypopharyngeal Malignancy . . . . .	131
5.11.2	Other Laryngeal Pathology . . . . .	136
	Further Reading . . . . .	136
<b>6</b>	<b>Salivary Glands . . . . .</b>	<b>137</b>
	Prashant Raghavan, Mark J. Jameson, Max Wintermark, and Sugoto Mukherjee	
6.1	Introduction . . . . .	137
6.2	Anatomy . . . . .	137
6.3	Imaging Evaluation . . . . .	139
6.3.1	Sialography . . . . .	139
6.3.2	Cross-Sectional Imaging . . . . .	140
6.4	Pathology . . . . .	141
6.4.1	Congenital Anomalies . . . . .	141
6.4.2	Infectious and Inflammatory Disorders . . . . .	141
6.4.3	Common Benign Tumors . . . . .	145
6.4.4	Mesenchymal Tumors . . . . .	148
6.4.5	Malignant Neoplasms . . . . .	148
6.4.6	Miscellaneous Disorders . . . . .	152
6.5	The Surgeon's Perspective . . . . .	153
	Further Reading . . . . .	155
<b>7</b>	<b>Orbits . . . . .</b>	<b>157</b>
	Thomas J.E. Muttikal, Prashant Raghavan, Max Wintermark, Steven A. Newman, and Sugoto Mukherjee	
7.1	Introduction . . . . .	157
7.2	Anatomy . . . . .	157
7.3	Imaging Modalities . . . . .	157
7.3.1	Ultrasound . . . . .	157
7.3.2	Cross-Sectional Imaging . . . . .	159
7.4	Congenital/Developmental Anomalies . . . . .	160
7.4.1	Coloboma . . . . .	160
7.4.2	Persistent Hyperplastic Primary Vitreous . . . . .	161
7.4.3	Coats' Disease . . . . .	161
7.4.4	Dermoids/Epidermoids . . . . .	162
7.4.5	Neurofibromatosis Type 1 . . . . .	163
7.5	Vascular Anomalies . . . . .	164
7.5.1	Orbital Venous-Lymphatic Malformation (Lymphangioma) . . . . .	164
7.5.2	Venous Varix . . . . .	165
7.5.3	Cavernous Hemangioma . . . . .	165

---

7.6	Infectious and Inflammatory Disorders .....	166
7.6.1	Idiopathic Orbital Inflammatory Disease.....	166
7.6.2	Sarcoidosis .....	171
7.6.3	Wegener's Granulomatosis.....	172
7.6.4	Thyroid Ophthalmopathy .....	172
7.6.5	Optic Neuritis.....	173
7.7	Benign Tumors .....	174
7.7.1	Infantile Hemangioma .....	174
7.7.2	Optic Nerve Meningioma.....	175
7.7.3	Lacrimal Gland Benign Mixed Tumor.....	177
7.8	Malignant Tumors.....	177
7.8.1	Retinoblastoma.....	177
7.8.2	Choroidal Melanoma .....	179
7.8.3	Orbital Rhabdomyosarcoma.....	180
7.8.4	Orbital Lymphoma.....	180
7.8.5	Orbital Metastases .....	182
7.9	Miscellaneous .....	183
7.9.1	Retinal Detachment .....	183
7.9.2	Choroidal Detachment .....	184
7.10	The Surgeon's Perspective .....	184
	Further Reading .....	187
8	<b>Temporal Bone and Skull Base .....</b>	189
	Prashant Raghavan, Bradley W. Kesser, Max Wintermark, and Sugoto Mukherjee	
8.1	Anatomy .....	189
8.1.1	External Ear .....	189
8.1.2	Middle Ear .....	189
8.1.3	Inner Ear.....	192
8.1.4	Facial Nerve .....	194
8.1.5	Jugular Foramen .....	196
8.2	Imaging Evaluation .....	196
8.3	Common Congenital Anomalies of the Temporal Bone .....	196
8.3.1	External Auditory Canal (EAC) Atresia and Stenosis .....	196
8.3.2	Middle Ear Anomalies .....	199
8.3.3	Inner Ear Anomalies.....	202
8.4	Inflammatory Disorders .....	208
8.4.1	External Ear Inflammation .....	208
8.4.2	Middle Ear and Mastoid Inflammation .....	208
8.4.3	Petrosus Apex Inflammation .....	216
8.4.4	Facial Nerve .....	218
8.4.5	Inner Ear Inflammation .....	223
8.5	Trauma .....	223
8.6	Vascular Abnormalities.....	224
8.6.1	Arterial Abnormalities .....	224
8.6.2	Jugular Bulb Anomalies.....	225
8.6.3	Radiological Evaluation of Tinnitus.....	228

---

8.7	Tumors and Tumorlike Lesions of the Temporal Bone and Skull Base .....	229
8.7.1	External Auditory Canal (EAC) Tumors .....	229
8.7.2	Middle Ear Tumors .....	229
8.7.3	Tumors of the Facial Nerve .....	232
8.7.4	Tumors of the Cerebellopontine Angle (CPA) Cistern, Internal Auditory Canal (IAC), and Labyrinth.....	235
8.7.5	Osseous Tumors of the Temporal Bone and Skull Base ...	240
8.7.6	Jugular Foramen Masses .....	244
8.8	Miscellaneous Abnormalities .....	247
8.8.1	Otosclerosis .....	247
8.8.2	Superior Semicircular Canal Dehiscence (SSSD) .....	248
8.8.3	Cerebrospinal Fluid Leaks .....	250
8.9	The Surgeon's Perspective .....	251
	Further Reading .....	255
<b>9</b>	<b>Sinonasal Cavities .....</b>	<b>257</b>
	Prashant Raghavan, Mark J. Jameson, Max Wintermark, and Sugoto Mukherjee	
9.1	Anatomy and Physiology .....	257
9.1.1	Nose and Nasal Cavity .....	257
9.1.2	Paranasal Sinuses .....	257
9.1.3	Anatomic Variations of Clinical Importance .....	261
9.1.4	Physiology .....	264
9.2	Imaging Evaluation.....	264
9.3	Inflammatory Sinonasal Disease.....	266
9.3.1	Acute Inflammation and Its Complications .....	266
9.3.2	Fungal Sinusitis .....	270
9.3.3	Chronic Rhinosinusitis (CRS) .....	272
9.3.4	Noninfectious Inflammatory Conditions .....	277
9.4	Sinonasal Neoplasms .....	279
9.4.1	Malignant Neoplasms.....	279
9.4.2	Benign Neoplasms .....	282
9.5	The Surgeon's Perspective .....	284
9.5.1	FESS.....	284
9.5.2	Nasal Cavity and Sinus Tumors .....	292
	Further Reading .....	294
<b>10</b>	<b>Head and Neck Trauma.....</b>	<b>295</b>
	David Clopton, Sugoto Mukherjee, J. Jared Christophe, Max Wintermark, and Prashant Raghavan	
10.1	Introduction.....	295
10.2	Imaging Evaluation.....	295
10.3	The Facial Buttress Concept.....	296
10.4	Fracture Patterns.....	296
10.4.1	Nasal Fractures .....	296
10.4.2	Naso-Orbital-Ethmoid (NOE) Fractures .....	298

---

10.4.3 Frontal Sinus Fractures . . . . .	299
10.4.4 Orbital Fractures . . . . .	301
10.4.5 Zygomaticomaxillary Complex (ZMC) Fractures . . . . .	305
10.4.6 Zygomatic Arch Fracture . . . . .	305
10.4.7 Midface Fractures (Le Fort Classification) . . . . .	307
10.4.8 Mandibular Fractures . . . . .	308
10.4.9 Temporal Bone Fractures . . . . .	310
10.5 Vascular Injuries of the Neck . . . . .	312
10.6 Pediatric Considerations . . . . .	314
10.6.1 Age and Development . . . . .	315
10.6.2 Fractures . . . . .	316
10.7 The Surgeon's Perspective . . . . .	317
10.8 Summary and Conclusions . . . . .	318
Further Reading . . . . .	319
<b>11 Maxilla and Mandible . . . . .</b>	<b>321</b>
Prashant Raghavan, Mark J. Jameson, Matthew A. Hubbard, Max Wintermark, and Sugoto Mukherjee	
11.1 Introduction . . . . .	321
11.2 Anatomy . . . . .	321
11.3 Imaging Evaluation . . . . .	323
11.4 Benign Lesions . . . . .	323
11.4.1 Cystic Lesions . . . . .	323
11.5 Malignant Lesions . . . . .	331
11.5.1 Osteosarcoma . . . . .	331
11.5.2 Osseous Involvement by Squamous Cell Carcinoma . . . . .	332
11.6 Osteomyelitis . . . . .	333
11.7 Osteonecrosis . . . . .	335
11.8 The Surgeon's Perspective . . . . .	337
Conclusion . . . . .	339
Further Reading . . . . .	341
<b>12 Thyroid and Parathyroids . . . . .</b>	<b>343</b>
Rachita Khot, David C. Shonka Jr., Prashant Raghavan, Max Wintermark, and Sugoto Mukherjee	
12.1 Introduction . . . . .	343
12.2 Anatomy . . . . .	343
12.3 Imaging Evaluation . . . . .	345
12.3.1 Ultrasound . . . . .	345
12.3.2 Radionuclide Scintigraphy and PET . . . . .	346
12.3.3 CT and MRI . . . . .	349
12.3.4 Imaging Incidentalomas . . . . .	349
12.4 Pathology . . . . .	349
12.4.1 Congenital/Developmental Diseases . . . . .	350
12.4.2 Diffuse Thyroid Diseases . . . . .	352
12.4.3 Focal Thyroid Diseases . . . . .	361

---

12.5 Parathyroid Glands . . . . .	368
12.5.1 Anatomy . . . . .	368
12.5.2 Imaging Evaluation . . . . .	371
12.5.3 Pathology . . . . .	371
12.6 The Surgeon's Perspective . . . . .	376
Further Reading . . . . .	378
<b>13 Pediatric Head and Neck Lesions . . . . .</b>	<b>379</b>
Prashant Raghavan, Mark J. Jameson, David C. Shonka Jr.,	
Max Wintermark, and Sugoto Mukherjee	
13.1 Embryology: Key Concepts . . . . .	379
13.2 Congenital Anomalies of the Nose and Nasal Cavity . . . . .	381
13.2.1 Choanal Atresia . . . . .	381
13.2.2 Congenital Piriiform Aperture Stenosis . . . . .	382
13.2.3 Nasolacrimal Duct Mucoceles . . . . .	384
13.2.4 Midline Nasal Anomalies . . . . .	385
13.3 Branchial Cleft Cysts, Sinuses, and Fistulae . . . . .	386
13.4 Congenital Skull Base Anomalies . . . . .	393
13.4.1 Arrested Pneumatization . . . . .	393
13.4.2 Encephalocele . . . . .	394
13.5 Hemangiomas and Vascular Malformations . . . . .	396
13.5.1 Hemangiomas . . . . .	396
13.5.2 Vascular Malformations . . . . .	398
13.5.3 Venous Vascular Malformations . . . . .	398
13.5.4 Capillary Malformations . . . . .	400
13.5.5 Arterial Malformations . . . . .	400
13.5.6 Lymphatic Malformations . . . . .	401
13.6 The Surgeon's Perspective . . . . .	404
13.6.1 Choanal Atresia . . . . .	404
13.6.2 Congenital Nasal Malformations . . . . .	404
13.6.3 Branchial Cleft Anomalies . . . . .	404
13.6.4 Vascular Malformations . . . . .	405
Further Reading . . . . .	405
