Preface	xv
1 Introduction	1
1.1 Accounting Resources	2
1.2 Modes of Study	4
1.3 Ingredients for an Interesting Stew	6
1.4 Overview	8
1.5 Summary	10
1.6 Bibliographic Notes	10
2 Economic Foundations: The Single Product Firm	11
2.1 Perfect Markets	12
2.2 The Firm Straddles Markets	12
2.3 The Economic Cost Function	15
2.3.1 Cost Function Terminology	16
2.3.2 A Closer Look at the Cost Function	18
2.4 Shadow Prices	21
2.5 Cost and Revenue Framing	23
2.6 Short-Run versus Long-Run Cost	24
2.7 Summary	27
2.8 Appendix: Constrained Optimization and Shadow Prices	29
2.9 Bibliographic Notes	31
2.10 Problems and Exercises	31

3	Economic Foundations: The Multiproduct Firm	35
3.1	Back to Perfect Markets	36
3.1.1	What is a Good or Service	36
3.1.2	Present Value	36
3.2	The Multiproduct Firm	38
3.3	The Multiproduct Cost Function	39
3.3.1	Cost Function Terminology	40
3.3.2	Cost Function Separability	41
3.3.3	Ubiquity of Marginal Cost	46
3.4	A Multiperiod Interpretation	48
3.4.1	Present Value to the Rescue	49
3.4.2	The Multiperiod Cost Function	50
3.5	Summary	52
3.6	Bibliographic Notes	52
3.7	Problems and Exercises	53
4	Accounting versus Economics	59
4.1	Back to the Multiproduct, Single Period Firm	60
4.1.1	The Economic Story	61
4.1.2	The Accounting Story	61
4.1.3	Per Unit Product Costs	65
4.2	The Underlying Recipe	67
4.3	The Multiperiod Case	69
4.3.1	The Economic Story	69
4.3.2	The Accounting Story	74
4.4	Accounting Conventions	75
4.5	Summary	77
4.6	Bibliographic Notes	78
4.7	Problems and Exercises	78
5	A Closer Look at the Accountant's Art	83
5.1	An Extended Illustration	84
5.1.1	One Among Many Answers	86
5.1.2	Central Features of the Construction	89
5.2	Unit Costing Art	92
5.2.1	Aggregation	93
5.2.2	Linear Approximation	93
5.2.3	Cost Allocation	97
5.3	The Constructive Procedure	99
5.4	Short-Run versus Long-Run Marginal Cost	100
5.5	Summary	103
5.6	Bibliographic Notes	104
5.7	Problems and Exercises	104

6	The Impressionism School	111
6.1	More Terminology	112
6.2	Data for an Extended Illustration	113
6.3	Assignment of Actual Overhead Totals	114
6.4	Assignment of Estimated Overhead Totals	116
6.4.1	Normal, Full Costing	116
6.4.2	Normal, Variable Cost	121
6.4.3	Remarks	124
6.5	Standard Cost Systems	125
6.6	Summary	127
6.7	Bibliographic Notes	128
6.8	Problems and Exercises	128
7	The Modernism School	137
7.1	Variations on a Theme	138
7.2	The Underlying Structure	143
7.3	Back to the Firm's Technology	144
7.3.1	Marginal Costs	146
7.3.2	Impressionism's Answer	146
7.3.3	<i>ABC</i> 's Answer	147
7.3.4	Back to Marginal Costs	150
7.4	Numerical Explorations	152
7.4.1	Decreasing Returns	152
7.4.2	Increasing Returns	153
7.4.3	Mixed Case	156
7.5	Portfolio of Errors	156
7.6	Summary	161
7.7	Bibliographic Notes	162
7.8	Problems and Exercises	163
8	Consistent Decision Framing	167
8.1	Economic Rationality	168
8.1.1	Consistency	170
8.1.2	Smoothness	171
8.1.3	Consistent Framing	172
8.2	Irrelevance of Increasing Transformations	173
8.3	Local Searches are Possible	176
8.3.1	The Economist's Approach	179
8.3.2	Shadow Prices	180
8.4	Component Searches are Possible	182
8.4.1	Cost Functions	183
8.4.2	The General Idea	183
8.4.3	Interactions	184
8.5	Consistent Framing	187
8.6	Summary	187

8.7	Bibliographic Notes	188
8.8	Problems and Exercises	188
9	Consistent Framing under Uncertainty	195
9.1	Explicit Uncertainty	196
9.1.1	Choices as Lotteries	196
9.1.2	Choices as State Dependent Outcomes	197
9.2	Consistent Choice with Probabilities	198
9.2.1	Scaling	200
9.2.2	Consistency, Smoothness and Independence	201
9.3	Certainty Equivalents	201
9.3.1	A Convenient Transformation	202
9.3.2	A Special Case	203
9.4	Risk Aversion	204
9.5	Information	207
9.6	An Important Aside	211
9.7	Summary	212
9.8	Bibliographic Notes	213
9.9	Problems and Exercises	213
10	Consistent Framing in a Strategic Setting	221
10.1	Equilibrium Behavior	222
10.1.1	Simultaneous Choice	223
10.1.2	Sequential Choice	224
10.1.3	Repeated Choice	225
10.2	Sharing a Market	226
10.3	Racing to Capture a Market	228
10.4	Bidding for a Prize	229
10.4.1	Uninformed Bidders	230
10.4.2	Equilibrium Bidding with Private Information	231
10.4.3	Winner's Curse	234
10.5	Haggling	239
10.5.1	Milquetoast Players	239
10.5.2	Private Cost Information	240
10.6	Internal Control	242
10.6.1	Decision Rights	243
10.6.2	Redundancy	244
10.6.3	Explicit Incentives	244
10.6.4	Equilibrium Behavior	245
10.7	Summary	245
10.8	Bibliographic Notes	246
10.9	Problems and Exercises	247
11	Large versus Small Decisions: Short-Run	253
11.1	Preliminaries	254
11.1.1	Break-Even Analysis	254

11.1.2 Framing Subtleties	257
11.2 Make or Buy	262
11.2.1 A Two Product Illustration	262
11.2.2 An Unusual Offer	264
11.3 Product Evaluation	267
11.4 Customer Evaluation	269
11.5 Uncertainty	270
11.5.1 Option Value of Flexibility	270
11.5.2 Cost of Risk	271
11.6 Interaction with Taxes	274
11.7 Summary	275
11.8 Bibliographic Notes	276
11.9 Problems and Exercises	276
12 Large versus Small Decisions: Long-Run	287
12.1 Back to Present Value	288
12.2 Present Value Pretenders	292
12.2.1 Internal Rate of Return	292
12.2.2 Payback	295
12.2.3 Framing	296
12.3 Cash Flow Estimation	297
12.3.1 An Earlier Story	298
12.3.2 The Proposed Project	299
12.3.3 Is this a Large Decision?	299
12.4 Rendering in the Accounting Library	303
12.4.1 Accounting Rate of Return	305
12.4.2 Closing the Gap	305
12.5 Summary	308
12.6 Bibliographic Notes	309
12.7 Problems and Exercises	309
13 Economic Foundations: Performance Evaluation	315
13.1 Performance Evaluation	315
13.2 A Streamlined Production Setting	318
13.2.1 Managerial Service	318
13.2.2 Preferences of the Supplier	319
13.3 Transacting with a Perfect Labor Market	321
13.4 Transacting in the Face of Market Frictions	322
13.4.1 Self-Interested Behavior	322
13.4.2 Public Observation of Input	324
13.4.3 Limited Public Information	325
13.5 The Bad News	331
13.5.1 Trivial Managerial Risk Aversion	331
13.5.2 Trivial Odds of Low Output under Input H	332
13.5.3 Trivial Incremental Personal Cost	333

13.5.4 The Unavoidable Conclusion	334
13.6 A More Expansive View	335
13.7 Summary	336
13.8 Bibliographic Notes	337
13.9 Problems and Exercises	338
14 Economic Foundations: Informative Performance Evaluation	343
14.1 Slightly Expanded Setting	343
14.2 A Convenient Transformation	345
14.3 Informativeness	347
14.3.1 How the Model Uses the Information	350
14.3.2 The Informativeness Criterion	353
14.4 Larger Picture	356
14.5 Summary	357
14.6 Bibliographic Notes	358
14.7 Problems and Exercises	358
15 Allocation Among Tasks	363
15.1 Allocation of Total Input	364
15.1.1 An Extreme Case	366
15.1.2 More Information	368
15.2 Balanced Attention to the Two Tasks	371
15.2.1 Expanded Control Problem	371
15.2.2 More Information (again)	372
15.3 Insight into the Performance Evaluation Game	375
15.3.1 Good Information Drives out Bad Information	375
15.3.2 Bad Information Drives out Good Information	377
15.3.3 Task Assignment Matters	378
15.3.4 Intertemporal Balance	379
15.4 Stepping Back	379
15.5 Summary	381
15.6 Bibliographic Notes	381
15.7 Problems and Exercises	381
16 Accounting-Based Performance Evaluation	389
16.1 Responsibility Accounting	390
16.1.1 Performance Evaluation Vignettes	391
16.1.2 Controllability Principle	393
16.2 A Closer Look at Controllability	393
16.3 Interpretation of Performance Evaluation Vignettes	398
16.3.1 Service Department Manager	398
16.3.2 Sales Contest	399
16.3.3 Profit Center	400
16.3.4 Overtime on Rush Orders	401

16.3.5 Sales Markdowns	401
16.3.6 Fast Food Manager	402
16.4 A Caveat	402
16.5 The Language of Expectations	404
16.6 Summary	406
16.7 Bibliographic Notes	406
16.8 Problems and Exercises	407
17 Communication	415
17.1 Self-Reporting Incentives in the Managerial Input Model . .	416
17.1.1 Expanded Options	418
17.1.2 Incentive Compatible Resolution	419
17.2 Variations on a Theme	423
17.2.1 Late Arrival of Private Information	423
17.2.2 Two-Sided Opportunistic Behavior	424
17.2.3 Early Arrival	425
17.2.4 Counterproductive Information	426
17.3 Intertemporal Considerations	427
17.4 The Larger Picture	429
17.5 Summary	430
17.6 Bibliographic Notes	430
17.7 Problems and Exercises	431
18 Coordination	437
18.1 Master Budgets	438
18.1.1 Aggregation into a Global View	438
18.1.2 Disaggregation into a Sea of Coordinated Details . .	438
18.1.3 Authorization and Communication	439
18.1.4 Ties to Responsibility Accounting	440
18.2 Short-Run versus Long-Run Coordination	440
18.2.1 Task Balance, Again	441
18.2.2 Additional Frictions	445
18.2.3 Balancing Devices	446
18.3 Inter-Manager Coordination	447
18.3.1 Inter-Division Trade in the Face of Control Frictions	448
18.3.2 Regulation of Inter-Division Trade	449
18.3.3 Variations on a Theme	452
18.4 Coordinated Sabotage	453
18.5 Summary	456
18.6 Bibliographic Notes	456
18.7 Problems and Exercises	457
19 End Game	463
19.1 Concurrence	463
19.2 Governance	465

19.2.1 Incomplete Contracts	465
19.2.2 Accounting Governance	468
19.2.3 Governance Failures	469
19.3 Responsibility	469
19.4 Summary	470
19.5 Bibliographic Notes	470
19.6 Problems and Exercises	470
References	473
Index	487
